SUMMARY

Driven-by-innovation Computer Science student with expertise in web development, AI, and UI/UX design. Skilled in creating innovative solutions, developing impactful projects, and contributing to open-source programs. Adept at blending technical proficiency with creativity to deliver meaningful and user-centric results.

EDUCATIONAL DETAILS

C.V.RAMAN GLOBAL UNIVERSITY,ODISHA,BHUBANESWAR.

2022 - 2026

- Bachelor Of Technology in Computer science Enginnering.

N.C.AUTONOMOUS COLLEGE,JAIPUR TOWN,ODISHA.

2020 - 2022

- Completed Higher Secondary Education from (CHSE) Board.

JAIPUR ZILLA SCHOOL,JAIPUR,ODISHA.

2010 - 2020

- Completed Secondary Education from(BSE)Board.

INTERSHIPS

Web Development Intern | Internshala

(1 Jun'23 - 27 Jul'23) Duration-27 Days

Completed an intensive web development course, mastering HTML, CSS, JavaScript, and React. Built a website showcasing front-end expertise in creating a dynamic, user-friendly platform.

Internship in Emerging Technologies (AI & Cloud) | AICTE, SkillBuild & IBM Platform

(8 July'24 - 5 Aug'24) Duration-4 Weeks

Worked with Machine Learning, AI, and IBM Cloud technologies. Designed an AI model on IBM Cloud without code and developed a college chatbot using AI and cloud solutions.

Data Analytics Job Simulation | Deloitte Australia (Forage)

Completed a virtual program focused on data cleaning, visualization with Tableau, Excel analysis, and creating client-ready reports for data-driven business decisions.

Foundations of User Experience (UX) Design | Google (Coursera)

Successfully completed the online, non-credit course on UX Design, gaining foundational knowledge in user-centered design principles, research, and prototyping.

AWS Training and Certification – Introduction to Generative AI

Completed a foundational course on generative AI concepts and applications.

PROJECTS

TECHSWAY – A DIGITAL ELECTRONICS MART

- Developed an e-commerce platform using **HTML**, **CSS**, **JavaScript**, **Node.js**, and **MySQL**. Users can browse and purchase their favorite digital electronics with features like cart, wishlist, purchase history, and order tracking, providing a seamless and professional shopping experience.

THRILLING FRAMES – EVENT BOOKING PLATFORM

- Engineered a dynamic web application using **HTML**, **CSS**, and **JavaScript** that allows users to book events based on pricing, send messages or emails to event organizers, and make inquiries through a responsive "**Get in Touch**" form.

APARTMENT MANAGEMENT SYSTEM

- Built with **HTML**, **CSS**, **Node.js**, **JavaScript**, and **Java**. Owners can list and manage apartments, while tenants can register and track complaints. Owners can resolve, view, and delete complaints.

SKILLS

TECHNICAL SKILLS

- Programming Languages:** C,Java,python,JavaScript
- Databases:** SQL,Oracle
- Web Technologies:** HTML, CSS, ReactJS,node.js
- AI & Machine Learning:** YOLOv8 (Object Detection), Machine Learning Basics
- Add-ons:** Data Structures and Algorithms, Responsive Web Design, and Graphic Design.

ACHIEVEMENTS

- Participated in **SIH 2024** and qualified the 1st round among **60+ teams**.
- Contributed as an open-source contributor in **GSSoC** (GirlScript Summer of Code).
- Secured a rank of 6333 in Coding Ninjas **CodeKaze'24** competition.

EXTRA CURRICULAR

- President**, University Photography Club
- Lead Coordinator**, Literary Club
- Volunteer, **College Fest**.
